

Hello Parents and Senior

We keep our photography sessions relaxed and straightforward. We are very good at addressing any fears or requests. The process is a team effort.

Here's what we do.

### **Location and Clothing**

No limit on clothing choices. Most seniors change from 3-5 times during their session. More for girls than boys usually. We also offer help with making clothing selections that work with the locations we go to.

We have four exceptional photographic locations to choose from. Each senior can go to two locations from the 4. Here is a description of each.

The arboretum in Everett off Marine View Drive. This spectacular 3 acres has a natural look with a wonderful gazebo, Iron gates, bridge, rockery, and unique plantings. It especially looks fantastic with fall colors.

Historic Everett. Located right behind Bucks Restaurant on Hewitt Ave. This multi-functional location for photography has old doorways, windows, ivy and dozens of possibilities. This is a senior favorite.

Flowing Lake state park. Another natural setting with water, beaches, awesome dock, and hand made rock steps, fences and another unique location for fall images.

Mukilteo Beach state parks. Located by the ferry terminal at Mukilteo, this setting is great for those who love the water. With the driftwood, sand beach and lighthouse, the northwest is emphasized in your portraits.

Location of your choice.

### **Time, Proofs, Printing, and yearbooks**

We take our time with each senior. Great photography is not rushed, we average around 2+ hours with each senior, plus travel time. We make sure to get the shots.

Our proofs are viewed online for your convenience. You will have between 80-100 proofs to choose from, any more gets overwhelming. Through careful editing

you select your 8-12 favorite images. Our seniors and their families comment all the time that the selection process was difficult, in that they liked so many. This is what we want to hear every time. We have never had to re-photograph and never a dissatisfied client of our images.

Printing is our final step and we make that process easy for you. After your initial online selection, we have you come to our home based studio where we compare images, show cropping, print size options, and offer without extra charge professional Photoshop touch-ups on all printed images. Very importantly, our packages are flexible in that you print what you need, not just what we offer. An 8x10 can be swapped for more wallets or other sizes. This ensures no extra prints end up in the drawer, without a home. Our prints are professionally produced and lifetime guaranteed.

Yearbooks are included for each senior. We make sure they are into the school for you. No travel needed. We e-mail them in or walk them into our bigger schools.

### **Pricing**

Our pricing helps parents make Brian Thompson Photography a budget wise choice. We hear of the \$1000 portraits, the huge ad ons, and extra fees from others photographers all the time. Not here! Our price list has no hidden fees, no setting fees, just value. We simply ask for a \$200 deposit when we book the photography session or when we first meet. This applies to the package and the balance is due when we print. This in itself is helpful in that the cost is split up to different dates.

Price list included.

### **Buddy pictures, Referrals and Thank You**

We encourage friends, siblings, or boyfriend/girlfriends to be included in the portrait day. No extra charge. We make this offer knowing the timing is perfect to get this done. We take a few pictures of them and you can print these from our ala carte pricing. Not part of the senior package, but a 5x7 is only \$12. The seniors really like this option. Best way to have keepsake of that special someone in their life.

We really appreciate referrals by our clients. This keeps us going and like many businesses we show our appreciation by giving you \$50 off your package for each senior. A real way to save and help others find quality portraiture.

Finally, we thank you again and hope that you take the time to meet with us and

see the true quality of our imagery and relaxed, fun atmosphere we make this process. It's a great time in your child's life and bringing out the spirit of their personality through fine portraits is what we do. We look forward to meeting with you.

Thank You!
